THE PROBLEM WE SOLVE

- Individuals like students and professionals struggle to access healthy, home-style meals on a daily basis.
- Traditional tiffin services lack automation, reliability, and real-time tracking.
- Managing subscriptions, payments, and delivery coordination is inconvenient for both users and providers.

ABOUT TIFFIN SHIFFIN

- Online tiffin delivery service for fresh, homemade meals
- Designed for students, professionals, and seniors
- Affordable, hygienic, and convenient meal plans

WHY CHOOSE US?

- Affordable pricing
- Healthy & hygienic food
- Timely delivery
- Multiple meal options
- Subscription-based convenience

HOW IT WORKS?

COOKED WITH THESE TECH TOOLS

- Vite – Fast bundler & dev environment
- TypeScript – Superset of JavaScript
- React – Component-based UI library
- ShadCN UI – Pre-built stylish components
- Tailwind CSS – Utility-first styling
- Node.js – Backend runtime environment (JavaScript outside the browser)
- Supabase – Open-source Firebase alternative
